Ginny –

Looks fine to me

To extent that the purpose is to provide more information about what is in the permit you might consider giving EPA the bulk of the hour . . .

Depends on what your audience's needs are . . .

David and Fred,

It's a morning program - attached is a draft agenda. The time slots and order are very flexible at this point, so please let us know how long you would each like to speak.

Thanks,

Ginny

Ginny,

Do you have a rough agenda and times for the presentations and discussion for this meeting?

David
